Material and coating:

- Joint: SBR
- Supplied in red-brown polyethylene bags

Field of use:

- Separate sewer system

PLUVIAL
SEWAGE
DN 350 to 2000

03/04/2016

APLJTXXXXX301

- Application: gravity flow
- Type of effluent: rainwater
- Perfectly watertight

Main characteristics:

- Joint in SBR
- Elastomer WC type according to EN 681-1
